Quick Links

Dear Clinical Audit Tool User,

Happy New Year! We hope you had an enjoyable and relaxing festive season. We have many new developments planned for CAT in 2010 and look forward to the year ahead with you.

In April 2010 we are looking to deliver further improvements to the CAT website www.clinicalaudit.com.au.

Our goal is to improve the website further to meet your needs and ensure that you get the most out of CAT in your practice, health service, Division or general practice project initiative.

This is your opportunity to provide us with your ideas on what we can do to enhance the website for YOU... afterall, YOU are who the website is designed to be of use to.

The survey will take you **10 MINUTES** at the absolute most - probably even less.

To take the Survey, click [CAT Website Survey](#)

Your responses are CONFIDENTIAL and the results will be presented as overall average scores only. Any comments that are published will be without identifying you - unless expressly agreed by you.

Please complete as soon as you have a chance and no later than 8th February 2010.

Thank you for your time and Happy Clinical Auditing!

CAT Installation Support + FREE Training Available

To support our Divisions of General Practice clients with their Clinical Audit Tool (CAT) deployments, PCS has recently added a new member to our CAT support team.

This new service will be provided through to the end of **March 2010** so that Divisions who would like additional help with installations can use our services. All you have to do is advise us of clinics that are on your waiting list for installations and we will manage the process and report back to you on completion.

Can we help you deploy CAT to your practices?

Contact Yin on **FREECALL 1800 762 993** or email yin.huynh@pencs.com.au to discuss how we can assist you.

What about practice CAT training?

Using Citrix GoToMeeting we are also happy to assist with short 'live' web conference training sessions to your practices (minimum number = 5 practices). Ideally this would mean engaging with staff from a number of your practices at once and, of course, Division representatives can participate as well. PCS will work with you to ensure that the training delivered fits in with your Division programs.

Further Information

If you would like further information please do not hesitate to contact either Yin on the details above or Ben Johnston on (02) 9635 8955 or email ben.johnston@pencs.com.au.

For more information about CAT visit www.clinicalaudit.com.au.

CAT Help Desk Support

FREECALL

1800 762 993

EMAIL

catsupport@pencs.com.au

FAX

02 9635 8966
